

TIPS for creating your best ad

- Your photos will look and fit better if your photo is the same orientation as the picture box. (Horizontal vs vertical orientation.)
- Use clear, high-resolution photos. If your photo is blurry, it will be blurry in your ad.
- Refer to the letter below each design to identify which layout you wish to use for your student's ad.
- Please submit the correct number of photos and words as shown below the layout of your choice.

FAQ's:

Do my photos have to be the same size?

No. We have the ability to scan, crop and resize photos as needed.

Do I have a limit to how many words I can write?

Yes. Please refer to the design brochure.

Do I have to type my text?

No. You may hand-write your text, however, it may be more clear to attach a typed copy of the text you'd like included in your ad. All writing will be recreated AS IT WAS WRITTEN.

Can I submit digital photos?

Yes. You may submit them on disc or flash drive with this form. Digital files must be at a resolution of **at least 300 dpi**, otherwise they will not be useable for yearbook publishing. When scanning photos, most scanning programs have a "Custom" section where you can change your resolution to at least 300.

If the yearbook doesn't come out until the end of the year, why do I need to submit this so early?

The yearbook is created all throughout the year. Our school needs to get pages in as early as October and your ads will help us reach that goal.

Will I receive my photos back?

Yes. If you include a self-addressed, stamped envelope.

The yearbook staff reserves the right to alter any ad that does not meet our publication's guidelines. This includes but is not limited to any photograph or copy that may violate community standards, copyright or fair use laws.

Please send all materials to the attention of
Mrs. Carpenter (Yearbook Adviser).
